Vancouver, B.C., V5Z 1M9
Tel # 604-875-5965
Fax # 604-875-5967

TEST SCHEDULE

The frequency with which your tests are scheduled depends on whether you are receiving Enzyme Replacement Therapy (ERT) or not and whether your Gaucher physician recommends more/less frequent monitoring.

This brochure is a general guideline only and your physicians' recommendations are to be adhered to.

Wherever possible, the tests are completed at your nearest facility.

If you need to make changes to any appointments that have been made for you, please do so directly with the test facility.

ON ENZYME THERAPY
